**DINO-EXPLORERS!** - Preschool Camp - Ages 4-5  
Do you like dinosaurs? Do you know what they liked to eat and how they lived? In this preschool camp you'll become a dinosaur expert and go on a dinosaur hunt! You'll dig for dinosaurs, study their bones, and learn about their food and the places they lived. You'll see just how the different dinosaurs, big and small, used their bodies to survive in a prehistoric world! When we're done, you'll know so much about your favorite dinosaur that you could even be one!

**RADICAL ROBOTS** - Ages 6-12 **\*NEW Robot for 2017\***  
Learn robot fundamentals and experiment with robot sensors and robot types. Build your OWN robot to take home! (There is an additional \$25 robot fee at partner locations).

**SCIENCE ROCKSTARS** - Ages 6-12  
Be the science expert by experimenting with chemical reactions, the physics of motions, machines, photography and movie-making. Impress your friends with your science stardom!

**CRAZY CHEMWORKS** - Ages 6-12  
Immerse yourself in a chemistry lab. Learn how to use real lab equipment and perform cool experiments that will amaze you and your friends!

**EUREKA!** - The Inventors' Camp - Ages 6-12  
Use the techniques of the greatest inventors to break through a series of modern day challenges. Construct catapults and forts, design underwater vehicles, build a mini-amplifier, and assemble a working light saber!

**SPY ACADEMY** - Ages 6-12  
Sneak into the secret world of spies! Learn about and perform experiments with cool spy equipment and clever spy techniques.

**ADVANCED ROBOTICS** - Ages 8-12 **\*NEW Robot for 2017\***  
Dive deep into the robot world and use a graphical user interface to program advanced robots. Build your OWN robot! (There is an additional \$40 robot fee at partner locations).

**FLIGHT ACADEMY** - Ages 6-12  
Learn about flight, aerodynamics, and the mysteries of the galaxy. Experiment with flying machines, wind tunnels, and hovercrafts. Build your own model rocket and many other flying machines!

**GROSSOLOGY** - Ages 6-12  
With the wonders of chemistry you can make some very cool things that are also extremely yucky! Slime and other mysterious concoctions await. Just don't describe these things in too much detail at the dinner table!

**NASA - JOURNEY INTO OUTER SPACE** - Ages 6-12  
We've partnered with NASA to help young astronauts explore the galaxies and experience what it takes to travel and survive in space!

**CASTAWAY!** - Ages 6-12 **\*NEW Camp for 2017\***  
An Ecological Adventure - Campers will find themselves stranded on an island...now what?! Work together using the supplies you have to learn to survive until you are rescued. Create shelters, use water filtration systems, and study the island's animals. Learn how to harness the sun's energy to create solar cookers, communicate without technology, and work as a team! Campers will build daily projects to survive and escape the island. Don't forget your new duct tape flip flops on your journey back home!

See more extensive camp descriptions on our website at [sacramento.madscience.org](http://sacramento.madscience.org)!

**Mad Science of Sacramento Valley 916-779-0390**
